

# TS 60 W RGBW

THEATRE SPOTLIGHT WITH PC LENS  
AND 60W RGBW LED IN BLACK HOUSING

## DESCRIPTION

The Cameo TS 60 W WW is a versatile theatre spotlight with a plano-convex lens and manual zoom that allows continuous variable angle adjustment of its even, soft-border beam from 9° to as much as 41°. The 60-watt LED of the RDM-enabled spotlight with a colour temperature of 3,200 Kelvin achieves a powerful light intensity of 19,800 lux at a distance of one metre.

The spotlight's DMX functions include a fast strobe, which can be adjusted from 1 to 20 Hz, and various dimmer curves. Sound control and integrated automated programmes allow it to be used as a standalone, while the refresh rate of 3,600 Hz ensures flicker-free operation. The TS 60 WW has rugged metal housing with temperature controlled fan, a display with four buttons for convenient configuration and 3-pin DMX connections. Delivery includes a rotatable flap to limit the light beam and a colour filter frame.

## FEATURES

- ▶ High-intensity 60 W RGBW COB LED
- ▶ Plano-convex lens
- ▶ Continuously adjustable manual zoom with beam angle of 9° to 41°
- ▶ RDM enabled
- ▶ 19,800 lux @ 1 m
- ▶ Flicker-free projection
- ▶ Rugged metal housing
- ▶ Includes rotatable wing limiter and colour filter frame

# TS 60 W RGBW

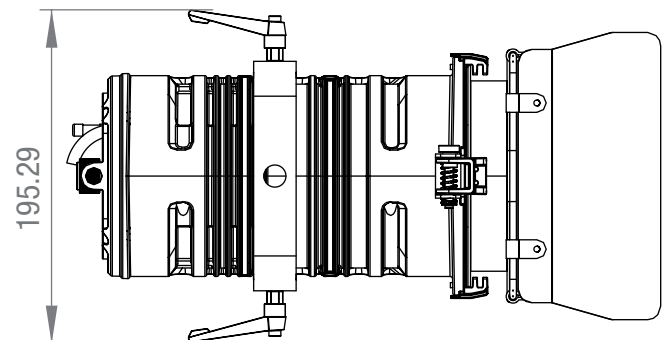

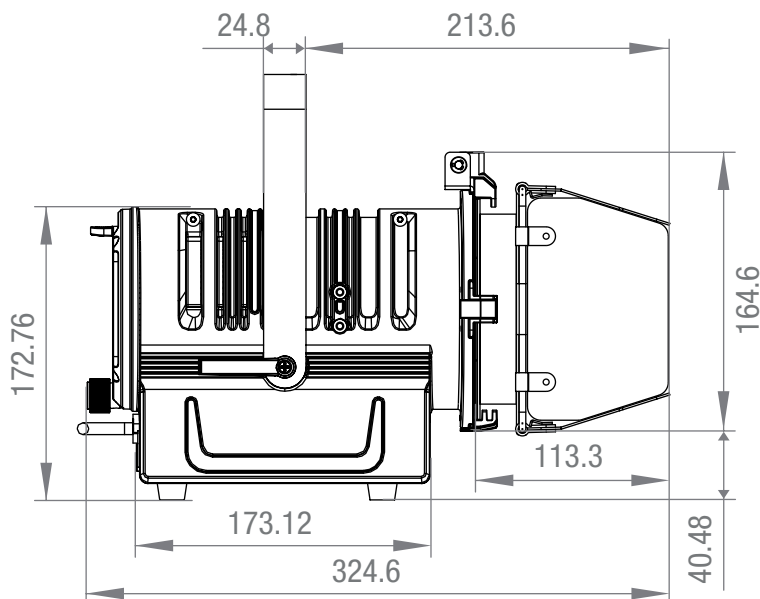

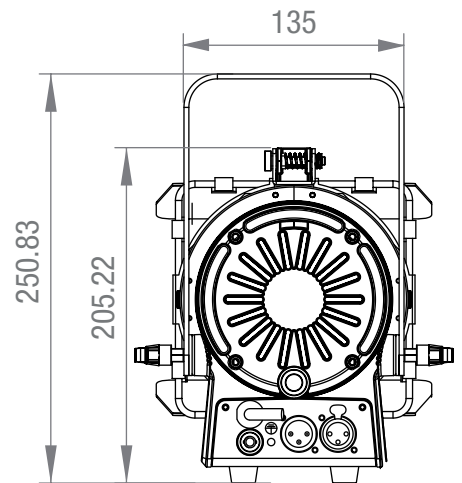

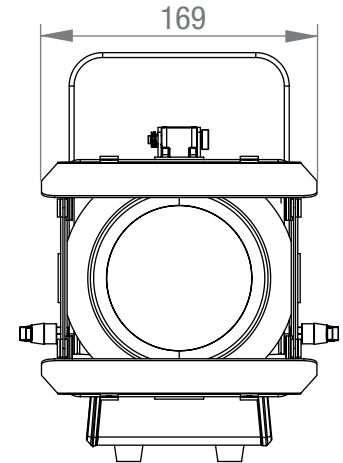

THEATRE SPOTLIGHT WITH PC LENS  
AND 60W RGBW LED IN BLACK HOUSING

## SPECIFICATIONS

Product type	LED PAR Lighting
Type	Indoor
Colour spectrum	RGBW
Number of LEDs	1
LED type	60 W
Refresh rate	3600 Hz
Dispersion	(Beam) 9° - 41° / (Field) 16° - 49°
DMX input	XLR 3-pin male
DMX output	XLR 3-pin female
Protocols	USITT DMX 512 protocol
DMX mode	5-channel
DMX Functions	colour macro, CTO, Dimmer, RGBW, strobe
Wireless DMX	no
Strobe flash rate	1-20 Hz
Standalone modes	Auto programs, slave mode, sound control, Static
Controls	Down, Enter, Mode, Up
Indicators	LC display
Operating voltage	100 V AC - 240 V AC, 50 - 60 Hz
Power consumption	65 W
Power connector	Power cord with safety plug (Type E / CEE 7/7)
Housing material	die cast metal
Cabinet colour	Black
Cooling	temperature-controlled fan
Operating Temperature	0 - 40 °C
Illuminance	19800lx @ 1m
Luminous flux	910 lm
Width	145 mm
Height	205 mm
Depth	240 mm
Weight	3,6 kg
Accessories (included)	barndoor
